

## Videwatch

Our unique video player for the Apple Watch has been updated!

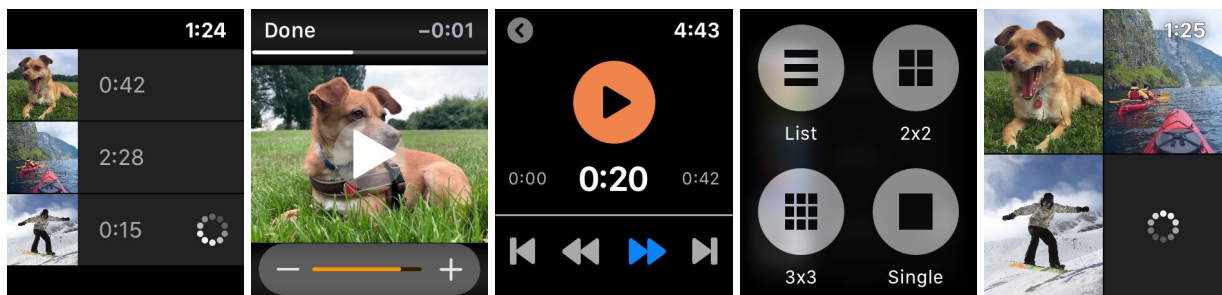

### What is Videwatch?

Videwatch is the only app that allows iPhone users to play their videos on the Apple Watch, from the Photos library, cloud services, and other apps.

### What's new?

Version 2 features two heavily requested features:

- A fast forward and rewind screen, essential for longer videos
- Support for iCloud, Dropbox, GoogleDrive, and more video sources

### Where can I get it?

On the App Store:

[apps.apple.com/app/apple-store/id1489041267](https://apps.apple.com/app/apple-store/id1489041267)

Price: £1.99 (GBP), \$1.99 (USD), €2.29

### Who developed it?

Videwatch was developed by Dan Fordham, a keen iOS developer who's been producing mobile apps and games since the dawn of mobile.

In 2016 Dan founded the company Atlum Limited in the UK, producing iOS apps for various clients, and publishing apps to the App Store.
